455 Big Block 4-Speed Vinyl Interior

Mileage as of this date is original 68,714 Miles.

Car was delivered new to Don Rawlings Pontiac in Nanaimo BC in February 1976.

The last owner of the car was a Mr. Scott Clarke of New Hamburg, Ontario.

This car was repainted when purchased and new graphics applied.

The sole reason for the paint was that the original hood bird was heavily cracked and really yellowed. It was distracting and did the car no positives.

So..... that means that you have to paint the hood.

When you paint the hood in white from this mid-1970s era to get the match, you paint the car. That is why the car was painted. No expense spared. There is simply no way to paint a white 30 year old hood to match 30 year old paint on the nose and front quarters.

The look of the whole car does NOT reflect its indicated mileage. It is an exceptionally very clean car all the way around. The cleanliness of this car under the hood, trunk and interior says that it should be a much lower mileage car. That just goes to show how well it was babied by its past owners.

What is the worst thing about this car? The radio and the 8 track are there but either are not hooked up or do not work.

What does this car need? Pretty much just some tender loving care. The paint is exceptional. The car is complete. The car runs, drives and handles very very well. Other than that, one real nice car to drive and have fun with. Gets lots of attention out on the road.

Not many of these 455 4 jammers around anymore and certainly not as nice as this one or the 455 Silver on Black we have to sell as well.
